

WORLD CARE

PORTABLE RESTROOMS

ADA
COMPLIANT

BACKED BY OUR

10YEAR
GUARANTEE

SATELLITE has a long tradition of building products designed around timeless principles: STRENGTH, LONGEVITY, LOW MAINTENANCE, COMFORT, and INNOVATIVE INDUSTRIAL DESIGN. Principles that have created industry-leading portable restrooms – easy to maintain, pleasing to use.

THE WORLD CARE is the industry leader in Americans with Disabilities Act (ADA) compliance for portable restrooms. The World Care is designed with ease of accessibility always in mind. It's compact, easy to move and effortless to maintain, all while meeting strict ADA guidelines.

THE TOUGHEST – TIME TESTED.™

(800) 328-3332

Heavy gauge walls twice as thick as our competitors' with a strong, arched design

Dual large-diameter vent tubes provide greater ventilation, to keep the unit smelling fresh

Wrap-around grab rail offers extra structural support to design

Large 72-gallon tank and Pyramid sump uses a 5-gallon charge to provide recommended 6" of coverage with less chemical and water use.

COLOR AVAILABLE

Gray

SPECIFICATIONS

DIMENSIONS:	Height	89"	Depth	89"
	Door Entry (w)	32"	Width	64"
APPROXIMATE WEIGHT:		345 lbs.		

WHY THE WORLD CARE?

- Compact design satisfies ADA and fits snugly in a full-size truck bed
- Easy to handle with convenient heavy-duty grab handles
- Durable enough to take the abuse of moving without losing strength
- Rigid floor holds up to wear and tear, without need of a ramp for access
- 3-roll toilet paper dispenser – less maintenance, no more wasted rolls

WHY GUESTS LOVE IT

- No-ramp access makes for an easy wheelchair entry and exit
- Oversized bench and grab rails allow for easy transfer from wheelchair to restroom seat
- Superior ventilation keeps unit fresh even with high use and hot climates
- Spaciousness makes this a popular choice for parks and sports fields – easy for families to use together

Tongue & Groove Wall Construction

All walls are anchored to the floor with heavy-duty extrusions that hold up to forklift loading
