

Dear Customer,

Satellite Industries Inc has taxing responsibilities to several states and is required to either collect taxes or to maintain valid exemption forms on file.

The Multijurisdictional form is accepted by the states as listed. If your state is not included, a form state specific will be required for processing orders without tax included. Please let us know if you need a state specific form and we can provide that to you.

Please note the following information must be completed on this form:

- 1) Issued to: - in this case - Satellite Industries
- 2) Your company name and business address
- 3) A description of your business
- 4) A list of what products purchased from Satellite that will be tax exempt.
Satellite product offerings can be categorized as follow:
 - Restrooms, parts, and accessories
 - Deodorizer
 - Trucks and parts

Only products falling into the category(ies) you list on the completed exemption form may be processed without tax. If you are unsure of which category(ies) you are qualified to purchase tax exempt, please refer to you local tax specialists as the laws vary greatly depending on your state and local rules.

Please understand that Satellite Industries must charge and collect applicable taxes unless a completed and valid exemption form is on file prior to product invoicing.

Please return completed exemption form to
