

INSULATED RESTROOM COVER

Our insulated covers have quality insulation and industrial material resulting in an R5-R7 value, are easy to install and once installed are virtually maintenance free. You can expect a lifecycle of over 10 years and most rental customers report they pay for themselves in less than a season with the upsell.

With our available options, colors and features, Insulated Restroom Cover will get you ahead of the competition with added style and comfort. You won't find a comparable anywhere else.

We make North America's leading insulated portable toilet cover - the one that fits like a glove!
