

WHEELCHAIR ACCESSIBLE

LIBERTY

Developed as an alternative to full ADA compliant restrooms, the Liberty is a spacious, wheelchair accessible restroom that can also be promoted as a family-sized restroom. It has a patented flat-floor system for easy wheelchair access and maneuverability. The handrails and paper holder, together with the rotary latch, are designed and manufactured for simple end-user operation.

Operators have the distinct advantage of owning a restroom made from high molecular weight polyethylene that is durable and vandal-resistant. The entire door frame, which is made of a vacuum formed twin sheet, can withstand hard hits and endless pounding without bending or buckling like metal frames.
