

# Senator

## Why?

The Senator is your ideal choice to use when full-service, full ADA compliance portable restrooms are required. Under the Americans with Disabilities Act (ADA) guidelines, the T-turn option requires less space than a full-turn radius that resulted in the larger, clumsier ADA-compliant units of the past. The Senator is easier to transport and place than any of its predecessors.

- 1/2" thick polyethylene extrusion floor provides maximum rigidity and near ground-level access.
- 40-gallon waste tank.
- Toilet seat and cover.
- 3-roll toilet paper holder with included rod and padlock.
- Heavy-duty aluminum handrails, like those found in many plumbed restrooms.
- Pneumatic door closer which is balanced by a heavy-duty cable spring for comfortable, consistent and predictable access.
- High molecular-weight material with extra UV protection ensures that your units will continue to look new through years of work.

## Colors

## Features

Heavy duty aluminum handrails, like those found in many plumbed restrooms.

40-gallon waste tank leaves a small foot print, allowing for easy wheelchair maneuverability.

Strong, durable, 1/2" thick polyethylene extrusion floor provides maximum rigidity and near ground-level access.

## Specs

Height	92" (2,340 mm)
Width	77" (1,950 mm)
Depth	64" (1,630 mm)
Door Opening	35.5" w (901.7 mm)
Floor Area	4,928 in <sup>2</sup> (31,793.48 cm <sup>2</sup> )
Tank Volume	40 gal. (227 L)
Seat Height	18.75" (476 mm)
Weight	290 lbs. (131.54 kg)
