ADA

Our ADA trailers are operator and user friendly for a wide variety of reasons. With only a six inch rise, users can easily travel up and down the ramp with minimal effort. The ramp itself is made up of two sections of lightweight aluminum for quick set-up and tear down. The ramps can also be configured from the main platform to face left, right or straight ahead, whichever works best.

**ADA restrooms are available in all interiors and all sizes are available Internationally.*
