

Liquid & Portion Control

BIO

The benefits of using Safe-T-Fresh BIO products go well beyond odor control and protecting the environment, eliminating waste build-up in tanks, hoses and pipes. The natural bacteria, when left in a tank or system, multiply over time and increase in effectiveness, breaking down solids into a liquid. Your tanks, hoses and pipes will no longer have hardened waste that produces continual odor. And, waste treatment plants will benefit from the added natural bacteria, which helps you obtain or maintain your current dump permits.

BIO deodorizers are available in packet and liquid form. Use the QuickScents Bio 30 gram packets for moderate levels of traffic and heat and the Bio 60 gram for high heat and traffic. For liquids, use Safe-T-Fresh 3K in moderate conditions and Safe-T-Fresh 5K for extreme conditions.

CONCENTRATED

MIX

2-4 OZ PER 5 GAL WATER
60-120 ML PER 19L WATER

AVAILABLE SIZES
(BIO 3K & 5K)
