

VERSATILE AND LIGHT WEIGHT

# MAL 1300

## 900 GALLON WASTE / 400 GALLON FRESH

The MAL1300 is designed specifically for high-density routes that require high levels of maneuverability and a large number of daily services. Lightweight 5454 aluminum construction combined with heavier chassis and an 84" cab-to-axle give this route truck all the maneuverability of a pick-up and the capacity of a large service truck. Dual low-profile cabinets provide plenty of storage, and the lowered workstation provides an efficient ergonomic service area even for smaller stature drivers. A full range of vacuum and washdown systems can be custom-tailored to fit your specific application.

- **LIGHTWEIGHT ALUMINUM UNIT HAULER:** This feature provides safe and secure points for transporting standard portable toilets, and the aluminum construction reduces effort for loading and unloading.

HIGH-DENSITY CITY ROUTES

# MD 1600

## 1100 GALLON WASTE / 500 GALLON FRESH

The 1600 is the ideal size for high-density city routes. Large dual cabinets provide plenty of storage, and the lowered workstation provides an efficient ergonomic service area even for smaller stature drivers. A full range of vacuum and washdown systems can be custom-tailored to fit your specific application. A unique baffle design is integrated into the tank that provides greater stability in the event of a sudden turn or stop.

- **COATED FRESH COMPARTMENT:** This provides clean, clear water with manway and round sight glasses to measure tank levels. Internal safety baffle included.
