Aluminum Tank

1500 GALLON WASTE - 2500 GALLON WASTE

Satellite Vacuum Trucks build a wide range of quality single-axle vacuum trucks that won't break the bank and keep you from paying the extra FET tax that is required when purchasing a truck over 33,001 lbs. The more maneuverable single-axle vacuum truck has tanks ranging from 1,500 gallons to 2,500 gallons and comes in aluminum, stainless steel and steel tanks. Satellite Vacuum Trucks builds trucks to use in any and all fields that require a vacuum truck for service.

- **LIGHTWEIGHT ALUMINUM UNIT HAULER:** This feature provides safe and secure points for transporting standard portable toilets, and the aluminum construction reduces effort for loading and unloading.

CONQUER EVEN THE BIGGEST JOBS

TANDEM AXLE

Access Ladder
Aluminum Catwalk
Third Axle (Optional)

2500 GALLON WASTE - 7000 GALLON WASTE

For your bigger jobs, you should consider trying one of the Satellite Vacuum Trucks tandem axle truck. With tank sizes ranging from 2,500 gallons to 7,000 gallons, these trucks can conquer even the biggest jobs. If that is still too small for you, try one of the Satellite Vacuum Trucks tanker trailers with capacities ranging from 2,000 gallons to 9,000 gallons. Depending on what you are looking to do with your truck, custom features can be added such as tilt beds, code trucks, and hitches. Just like its smaller counterpart, the tandem axle comes in aluminum, stainless steel, and steel tanks.

- **COATED FRESH COMPARTMENT:** This provides clean, clear water with manway and round sight glasses to measure tank levels. Internal safety baffle included.
