

FRESH START SHOWER

Home-like comfort in a self-contained unit

Have you been searching for an affordable response to those customers looking for single-unit showers? Here's your answer: the PolyPortables Fresh Start Shower. Built within the empty cabana of a standard-size portable restroom, the Fresh Start Shower offers the conveniences of a home shower experience in a fully portable package. Water is heated to an average temperature of 115 degrees by a propane-fueled, on-demand water heater that may be adjusted to suit the user's comfort level.

Features Include:

- Propane-fueled, on-demand water heater
- Removable hand-held shower nozzle with separate hot and cold water valves
- A 20-pound propane tank (not included) powers the heater for up to 18 hours of use at a flow rate of 1.4 gallons per minute
- Vanity shelf
- Moisturizing soap dispenser
- Coat hooks mounted to the door and to each of the right and left walls just inside the door
- Full-length shower curtain
- 12-gallon containment skid with threaded fittings in each runner that allows gray water to be piped away to an exterior holding tank or sewer system
